# IMAGE PROMPT

The scene takes place inside Levi's Stadium in Santa Clara, California, during a major NFL game (Super Bowl 2026). The stadium architecture, seating layout, and scale clearly match Levi's Stadium. The stands are packed with fans of the New England Patriots and Seattle Seahawks, wearing jerseys, and team colors. The atmosphere is loud, energetic, and unmistakably NFL.

## IMPORTANT:

The camera is positioned directly in front of the subjects at approximately eye level, audience height. Both subjects' shoulders are square to the camera (0° rotation). The perspective feels candid and spontaneous, not staged or promotional.

The camera angle remains strictly frontal and straight-on, with an intimate vertical framing from knees to head. At the top of the image, a prominent Levi's Stadium advertising banner spans the width of the frame, clearly identifying the location.

## Subjects & Composition

Person from img1 and Person from img2 are seated next to each other in red stadium chairs, both facing the camera directly with shoulders and legs aligned straight toward the camera.

They are centered together in the frame, serving as the clear visual anchors in the foreground. Their posture is relaxed and natural, bodies facing forward, shoulders open. Both are smiling warmly into the camera with direct eye contact — genuine, effortless smiles, as if just noticing the camera and reacting naturally in the moment.

## Environment & Crowd

Behind Person from img1 and Person from img2, the stadium is densely filled with fans. The crowd is clearly recognizable and lively, with people laughing, talking, reacting to the game, and holding drinks or snacks.

The energy of a live NFL game is present — loud, joyful, and full of motion.

## Presence & Expression

Both subjects appear confident, approachable, and fully at ease in the stadium environment. Their expressions convey warmth, enjoyment, and shared excitement, with no exaggerated posing — everything feels unforced and real.

## Outfit (Team-inspired)

Person from img1 and Person from img2 wear NEW ENGLAND PATRIOTS-inspired outfits, featuring team colors and motifs appropriate for a live NFL game.

## Lighting & Mood

Lighting is bright and even, consistent with a daytime NFL game at Levi's Stadium. Both subjects are naturally illuminated with soft shadows and realistic texture — no filters, no artificial smoothing. Colors are vibrant but true-to-life.

The overall mood is joyful, energetic, and authentic — two real fans enjoying a real moment together in the crowd.

## Overall Impression

The image feels like a genuine snapshot from a live NFL game:

Two confident, relaxed subjects in the foreground

Natural interaction with the camera

Authentic stadium atmosphere

Nothing staged or artificial

A moment that feels real, warm, and unmistakably alive

# CREATE THE VIDEO

1. Go to Video Creation
2. Upload your generated image
3. Select **Grok Imagine** as the video model
4. Set Duration: **9 seconds**
5. Set Aspect Ratio: **1:1**
6. Use this prompt:

KISS CAM Video (handheld micro-shakes, realistic broadcast feel).

Action sequence: A couple is shown on the kiss cam. They lean toward each other and share a genuine kiss, smiling and laughing afterward. The crowd reacts enthusiastically, cheering and laughing, with the whole stadium audible in the background. Natural daylight, vibrant reds, packed stands, realistic textures, high detail, 4K, 24fps, cinematic but authentic sports broadcast energy. Keep the same subjects, outfits, faces, and environment consistent across frames. No cuts, continuous take.

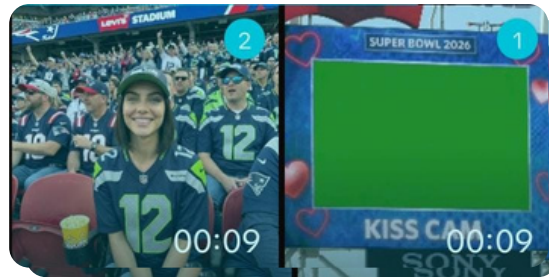

# EDIT IN CAPCUT MOBILE

*(Desktop on the next site)*

Download the Template Video with the green-screen:

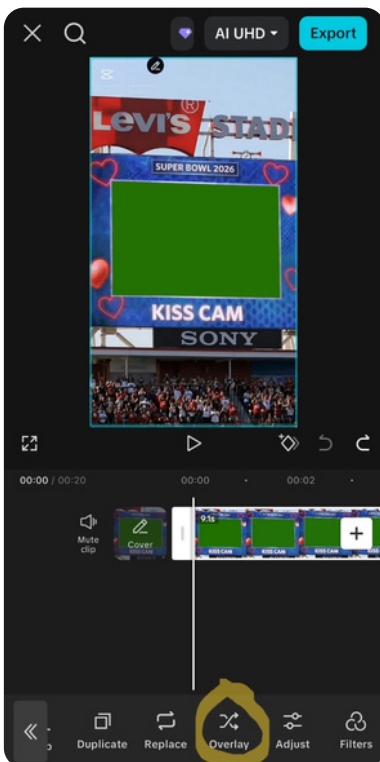

<https://miamaldini.com/templatekisscam.mp4>

1. Add the template video and your generated video together in CapCut.

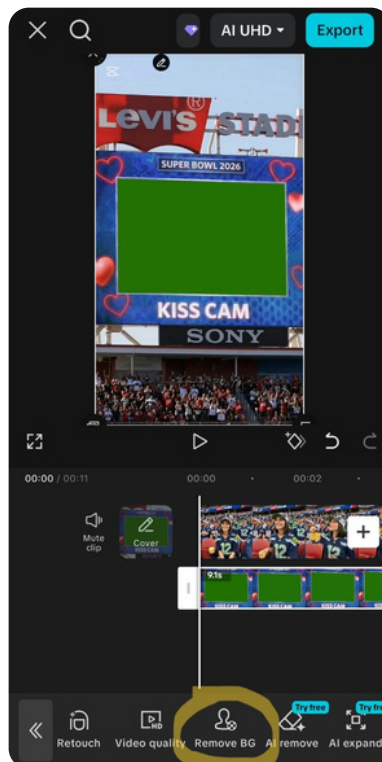

#1 = template video  
#2 = generated video

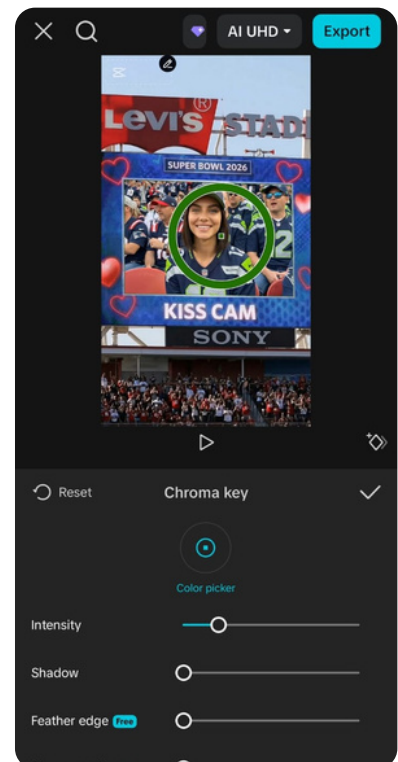

Select the template video and tap Overlay

Go to Remove Background and select Chroma Key

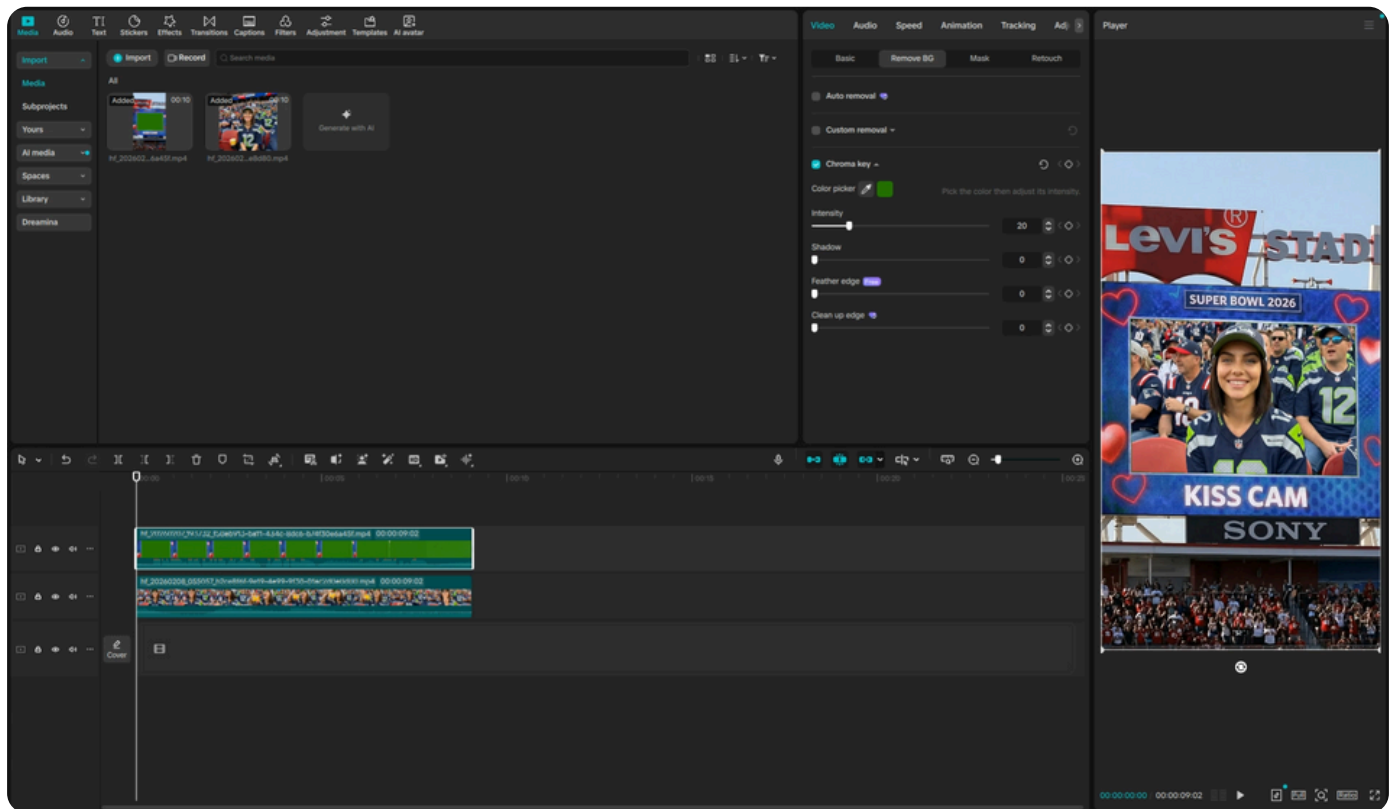

Select the green screen with your finger

# EDIT IN CAPCUT DESKTOP
